Ted Strickland, Governor

John L. Martin, Director

August 29, 2008

**To: County Board Superintendents
County Board Waiver Contacts
County Board Business Managers
County Board SSA Directors
COG Directors**

From: Patrick Stephan, Deputy Director, Medicaid Development & Administration

RE: Communications Update from MDA

As indicated in a communication sent out April 22, 2008, below are several list serves (email addresses) that are recommended for your use. This provides a central point to channel your emails into in order to provide efficient communications for your questions and inquiries. It also enables us to have multiple staff receive them, thus potentially increasing our response time. After emailing the list serve and you do not receive a response within 2 – 3 days the Primary Contact for each list serve should be contacted.

In addition, due to some recent staffing changes, we are providing you with an updated list of staff assignments for waivers. County Board Waiver Contacts will receive emails from staff introducing themselves to you if a change has taken place for your county. Names, phone numbers and email addresses are also attached.

Please share all of these communications with applicable staff and colleagues. Thank you.

Waiver Management – waivercapacity-support@odmrdd.state.oh.us

- Emergency & Replacement Requests
- Allocation and Substitution Requests
- Questions regarding waiver allocations already made to the county board
- PICT questions once an allocation has been sent to the county board and/or when a 'DMR Date of Approval' has been indicated for a specific individual
