

COUNTY BOARD OF DD --- BEHAVIORIAL RISK ASSESSMENT

TRANSPORTATION

NAME: _____ Date Completed: _____

Behavior (s): _____

Behavioral medication(s) (NA) _____

Mental health diagnosis(es) specify: (NA) _____

Respondents:	Low	Medium	High
1. Behavior requires physical intervention L = Blocking, physical prompt M = 2-5 blocks/physical prompts (5-10 min) H = 6 ≤ blocks/physical prompts (5-10 min)	1 2 3	4 5 6 7	8 9 10
2. Behavior interferes with bus routine L = ≤ 25% of ride disrupted M = 26%-50% of ride disrupted H = 51% ≤ of ride disrupted	1 2 3	4 5 6 7	8 9 10
3. Seat belt history L = Wore seatbelt on bus in past M = Requires seatbelt now H = Requires harness	1 2 3	4 5 6 7	8 9 10
4. Behavior interferes with family/residential life L = Makes bus on time - mild resistance/delays M = Misses bus 1 time each quarter H = Misses bus every 2 weeks	1 2 3	4 5 6 7	8 9 10
5. Behavior is a danger to self L = None/mild pain/discomfort M = Marks/bruises, home treatment H = Deep bruising, bleeding, broken bones, potential stitches, mortal potential, hospital treatment	1 2 3	4 10 12 14	16 18 20
6. Behavior is a danger to others L = None/mild pain/discomfort M = Marks/bruises, home treatment H = Deep bruising, bleeding, broken bones, potential stitches, mortal potential, hospital treatment	1 2 3	4 10 12 14	16 18 20
7. Frequency of the behavior L = Weekly M = Daily H = Hourly	1 2 3	4 5 6 7	8 9 10
8. Duration of the behavior L = Less than 5 minutes M = 6-15 minutes H = 16+ minutes	1 2 3	4 5 6 7	8 9 10
9. Intensity of the behavior L = 0 additional staff needed M = Increased/focused supervision and/or restraint used H = Removed from transportation	1 2 3	4 10 12 14	16 18 20
10. Predictability of the behavior L = Antecedents and Function known M = Function known, same patterns H = Unknown F&A, random occurrences	1 2 3	4 5 6 7	8 9 10
11. Danger to property L = Throwing, pounding, no breakage, no injury M = Throwing, pounding, breakage, some injury potential H = Throwing, pounding, breakage, injury or injury potential	1 2 3	4 10 12 14	16 18 20
12. Medications Prescribed to address behavior L = No Medications Prescribed M = 1-2 medications prescribed/attempted with/without some effect H = 3 ≤ medications prescribed/attempted with multiple failures	1 2 3	4 5 6 7	8 9 10

Instructions:

- Review and discuss each of the questions above
- For each question, circle the number most reflective of your perception of the behavior's risk level.
- The Team/Individual performing the risk assessment must determine the overall level of risk an Individual's behavior poses. The score ranges below are meant as guidelines. The Team/Individual may determine that the score is not reflective of perceived risk and rate the Individual higher or lower based upon "Clinical Judgment". This will most likely happen when the total score is close to a higher risk level.

TOTAL SCORE = _____

RISK RANGES <13yr LOW = 10-40 MEDIUM = 41-59 HIGH = 60+
 RISK RANGES 13yr + LOW = 10-40 MEDIUM = 41-89 HIGH = 90+

OVERALL RATED RISK (circle one) = L M H

RATIONALE IF RATED RISK OUTSIDE RANGE:
